Husband of Indicted Woman Silent as to Actions on Night Murder Was Committed

KEEPS MUM ON WHEREABOUTS

Phillips Will Not Tell of Movements Tuesday

Husband of Jailed Woman is Smiling, Reticent

Refuses Key to Last Night of Slain Girl's Life

A. L. Phillips, the blue-eyed young man who entered the brown-eyed woman's hammer murder, last night refused to tell where he was on Tuesday night, while his wife, armed with a hammer and accompanied by Peggy Caffee, the woman who witnessed the murder on the following afternoon, was stalking her asserted love rival, Mrs. Albert Meadows, 26-year-old widow.

Peggy, a friend of Mrs. Phillips from the days when they were chorus girls together, told the grand jury yesterday that she and Mrs. Phillips, the latter presumably carrying a hammer that she had bought that day, stole to Mrs. Meadows' apartment Tuesday night, opened the door and found no one there. Mrs. Phillips stayed all night with Peggy.

"Where were you Tuesday night?" Mr. Phillips was asked. "I can't answer important questions of that nature," he replied.

"Would you say that you were home then?" "I can't tell you where I was," came the answer. "Where did you meet Albert?" was another question.

"I can't say." "Is it true that you had been with her only three times?" "That is an important question," he said, smilingly.

TIED BY SEARCH
Tired from the long search through the room, Mrs. Meadows said she threw the hammer behind which Mrs. Meadows was hiding to the grand jury, and she was extremely nervous and was not composed.

"Your search for the hammer was not successful," he was asked when he returned to the sheriff's office with Deputy Nolan and Detective.

"Time will tell," he said. The deputies declared they were unable to find any trace of the lost weapon. According to the story told the officers, Mr. Phillips threw away this piece while returning from Meadows' with his wife after they had taken the slain girl's coupe there and abandoned it.

A newspaper reporter mentioned something to him about his home where his wife's mother and sister are living. His interest quickened and he eagerly sought all details of how they had received the sad news and how they were feeling. Many neighbors were there, aiding and comforting the two women, he was told.

"Have any of the neighbors sent for house number today as to move over their houses?" he asked. "I don't know any of the neighbors."

"This is a sad thing, something that is liable to happen to anyone," he philosophized. "You can never know what may happen tomorrow. It is a serious thing."

WAS NOT BEEN HOME
Mr. Phillips has not been home since Thursday evening when he told the officers his starting story that his wife had driven home, blood-soaked and shouting, "I've killed the one you love best." When he and Deputy Dewar returned after the arrest, next to the garage there had been posted huge signs advertising the play, "The Woman Thou Gavest Me."

Yesterday he was in custody of Deputy Dewar, but not under arrest. He was permitted to go where he pleased and transact all necessary business pertaining to his stock promotion, but was not to be separated from the deputy.

SHIP'S VOTE LANDSLIDE FOR LIQUOR

Liner Passengers Ballot 71 to 2 for Boose on Shipping Board Vessels

INDICATES REACTION
NEW YORK, July 14.—"We'll say Americans who get outside the three-mile limit are in favor of liquor aboard shipping board ships," chanted the junior officers of the President Adams when she was in midocean. The result of the vote among Americans traveling from coast to coast was 71 against 2.

"And the two who voted against it had been dog in the day when they felt that now they were losing their grip it would be a good thing to deliver coming generations from temptation," said the wits of the President Adams.

The vote is believed to have been the first taken beyond the three-mile limit since Mr. Volstead became famous.

The ship encountered considerable un-usualness on the way over and a great many passengers were sick, while other and harder souls slaved off mal de mer with stimulants.

Among the passengers was George F. Nicholson, port engineer of the Seattle. He has been serving port facilities at Queens-town for the Irish Free State authorities and reports are that \$10,000 is being spent to deepen the channel and otherwise make Queens-town one of the great ports of the world.

Edward Roach Hardy, port phenomenon at Columbia, returned after seeing Europe with his father and mother. He will re-enter Columbia in the fall.

FATHER OF SLAIN GIRL

Brother-in-Law Praises Victim of Murder

Tells of Promise to Look Out for Her

Had Few Male Friends, He Declares

"Alberta was a good girl. I know, because I promised my brother just before he was killed that I would look out for her and I have."

This was the story told yesterday by Claude Meadows, brother-in-law of Mrs. Alberta Meadows, the 26-year-old murder victim, after he learned yesterday morning that she was slain and Mrs. Clara Phillips was held for the murder.

"Alberta lived with my sister after Jesse—that was her husband—was killed last January," he said. "They were together all the time and I know she was a good girl."

"She was employed in the currency department of the First National Bank for two years, before she married Jesse. He was my younger brother and we were constant pals."

PAID OF SISTER-IN-LAW
Cleveland declared that Mrs. Meadows had been parking in his station for a long time and that he had never seen her with any man other than her father, Fred Tremaine.

"I never saw Alberta in company with any man," he declared.

KNIFE USED IN DAYS AS STAGE GIRL
Scene Shifter Stabbed at Time Clara Phillips Was Working in Chorus

At the time that Mrs. Clara Phillips, now held in a jail at Tucson, Ariz., on a charge of having murdered Alberta Meadows, was working in the chorus of the Broadway Pantages Theater there was a stabbing affair back-stage in which one of the stage hands was severely cut up by a member of the chorus of the same name.

On the occasion of the stabbing, about two years ago, the Clara Phillips now in the Tucson jail, was employed in the chorus revue of the "Oklahoma Bob" Albright musical comedy company, as was Peggy Caffee, only eye witness to the Meadows murder, who yesterday told the grand jury that she first met Mrs. Phillips during the latter's engagement as a chorus girl.

No arrests were made in connection with the knife wielding, and the reason for the woman's attack upon the stage hand was variously attributed either to jealousy or to a sudden fit of uncontrollable rage.

CHARGE MAN ENTICED HUNDREDS OF WOMEN
LOCAL MAN IS ACCUSED OF LURING WOMEN THROUGH NEWSPAPERS

Asserted by the police to have enticed hundreds of women into his clutches through the medium of fraudulent advertisements, Fred Ward, alias Fred Howard, aged 31 years, was arrested last night at Eighteenth and Main streets, Officers C. F. Johnson and C. D. Hoy, of the purity squad.

The man was booked on charges of vagrancy, lewdness and disorderly conduct, pending more complete investigation of his activities.

Officers Johnson and Hoy declared that Ward, who gave his address as 2013 South Main street, inserted advertisements in local papers for the purpose of luring women to his apartment-house managers. None of the women, however, the officers asserted, were ever seen.

Ward confessed to the officers the latter stated, that he had a book in his apartments in which he named the names of women who answered his advertisements were kept. The first of the advertisements were said to have appeared about a year ago.

SANTA CRUZ PARTITION CASE IS REOPENED
SUPREME COURT ANNOUNCES GRANTING OF HEARING ON APPEAL

(BY A. P. DAY WIRE)
SAN FRANCISCO, July 14.—The State Supreme Court announced today that it had granted a hearing on an appeal on a District Court of Appeal decision denying Mrs. Aglae B. Capucio, the right to the partition of Santa Cruz Island, lying off the coast of Ventura and Santa Barbara counties. The Supreme Court order has the effect of putting the District Court decision aside, according to officers of the higher court.

Mrs. Capucio sued Arthur J. Cairns and others for the partition on the ground that the original Santa Cruz Island Company, which included her one-seventh interest in the island property, had been rechartered and reincorporated without her consent, after its charter had been revoked for the nonpayment of taxes. She won in the lower court, but the District Court reversed the judgment.

The property and the company are valued at \$1,000,000.

DEATH RIDE, START TOLD

Parking Station Owner Knew Victim and Recalls Girls Accompanying Her on the Fatal Ride

A statement was made yesterday by G. A. Cleveland, owner of the parking station at Ninth and Broadway. It was from here that the death car was driven on Wednesday evening by Mrs. Alberta Meadows with Peggy Caffee and Mrs. Clara Phillips. They went on the trip to Montecito Heights from which Mrs. Meadows never returned. Seemingly it indicated to the detectives that the slaying of the young bank book-keeper charged to Clara Phillips was premeditated.

"Early Wednesday afternoon, party with Phillips nor had I ever seen her with either the Caffee girl or Mrs. Phillips until last Wednesday when those two girls entered the station and said Mrs. Meadows had told them to take her car. They had no ticket and I could not let them have the machine. Miss Caffee did most of the talking and asked me to tell Mrs. Meadows that they had taken the auto and that Mrs. Meadows would feel sorry if she knew they had not been able to obtain her car," Cleveland stated.

Continuing he said: "I don't know what it was but after those three girls left on Wednesday night I had the most terrible feeling of impending disaster. I did not associate it with the girls, however, but it preyed so much upon my mind that I had a night of uneasy wakefulness mingled with short stretches of fitful sleep in which I dreamt of awful things. When the morning papers of the city related the inhuman killing of that poor, innocent girl, I wondered that I had not thought of something in the actions of that Clara Phillips, but of course I knew nothing of the affairs then."

NO MEN IN CARE
Cleveland declared that Mrs. Meadows had been parking in his station for a long time and that he had never seen her with any man other than her father, Fred Tremaine.

ANTI-POPE MOVEMENT IS STARTED
New Society Prepares to Launch Campaign Against Romanist Church

NEW YORK, July 14.—A program of action and a form of membership pledge will be made public tomorrow in a nation-wide membership campaign officially opened by the Evangelical Protestant Society—an anti-Pope body which has been organized quietly during the past seven months.

The president of the society is a business man well known for his evangelistic inclinations—Edward C. Miller, president of the Magnolia Metal Company of New York. The society aims to include in its membership the 120,000 Protestant clergymen of the United States and many times that number of the laity.

The movement, now in its inception, has dynamic possibilities, said Mr. Miller today. "We intend to form an extensive and permanent organization to fight the Romanist evil. This is probably the biggest movement since the days of Martin Luther."

"We wish to make it clear that we are not hostile to Roman Catholics as individual churchmen. We believe there are thousands of noble Christians in the Catholic church. To them it is a great spiritual body. But to the Pope and his hierarchy, it is only a political organization."

SUSPECT HAD FRESH SKIRT

Mrs. Phillips Left Clothes and Shoes With Friend

Called for Them Several Hours After Murder

Apparel Possibly Worn in Leaving Los Angeles

Why did Mrs. Clara Phillips, suspected of having brutally murdered Mrs. Alberta Tremaine Meadows, 26-year-old widow, leave a skirt and a pair of shoes in the apartment of Mrs. Peggy Caffee, only eye-witness to the slaying?

Why did she call for them at 5 p.m. on Wednesday night—about five hours after the killing had taken place?

Why did Mrs. Phillips spend the night with Mrs. Caffee on the night prior to the killing?

Where was Mr. Phillips, her husband?

These questions form a part of the entangled mass of evidence which has been compiled by detectives and newspapermen.

LEARNERS PARTICULARS
The information that Mrs. Phillips spent Tuesday night with Mrs. Caffee and called for her items of clothing on Wednesday night was given to a Times reporter by George Albert, houseman of the apartments at 1225 Delong street, before Mrs. Caffee admitted the source of facts to the grand jury. Albert at that time did not know the name of the woman. He identified pictures of Mrs. Phillips as having been the one he saw on the two occasions at Mrs. Caffee's apartment.

On Tuesday about 11 a.m. Albert saw Mrs. Caffee talking over the telephone with Mrs. Phillips standing beside her. He didn't hear the conversation.

The fact that Mrs. Phillips went to the eye-witness's apartment after the slaying was not revealed to officers by her husband in his statement to them concerning the slaying. Mrs. Phillips said she returned home on that day of the killing. Phillips told the officers she spent the night at the Baltimore Hotel, leaving early the next morning.

FRESH CLOTHING PROBLEM
The clothing was wrapped in paper, according to Albert, and charged with the murder of Police Officer Torrence Lyons in the union-labor terrorists' bombing warfare on the Landis awards. This was announced to the grand jury by a witness, Wood G. Godman, special assistant State Attorney, who submitted a list of twenty-two new witnesses who will call in the United States murder trial.

"She was very calm and not at all nervous when she asked me to take her to the apartment to get her clothes," Albert said yesterday. "Mrs. Caffee had told me in case a woman came, to let her in. She said she was going to the bank with her husband and would be back within half an hour. She said she was going to the bank with her husband and would be back within half an hour. She said she was going to the bank with her husband and would be back within half an hour."

"She is a perfectly nice girl," the landlady voluntarily said in speaking of Mrs. Caffee. "Her conduct has been above reproach here. I never saw any one but her husband and herself in her apartment. Her husband works down in Long Beach for an oil company. She told me the other day she had been trying to get work for herself here."

Mrs. Caffee said she was last out of the Ford coupe, "the death car," on Figueroa street about a block from where she lives, and went immediately home debating whether or not she should tell her husband. She didn't mention having gone to the beach, as Albert the houseman asserted.

Shortly before Mrs. Caffee was taken before the grand jury yesterday morning she was seen by P. A. Tremaine, father of the murdered girl, and Geneva Tremaine, 18-year-old sister.

"No, I have never seen the girl before. I don't know whether my girl knew her or not," the father said.

pursuing her and finally catching up with her.

"They returned here arm in arm," she said, "and were talking but I couldn't hear what they said."

"Do you mean that Mrs. Phillips came back with Mrs. Meadows arm in arm?"

"Yes, it seemed as though they had made up after the fight was over."

"Was anything said to start the fight over?"

"Clara, that is Mrs. Phillips, said, 'You know that you have been going with my husband.' Mrs. Meadows continued slowly, 'Mrs. Meadows said, 'No, I haven't and I can prove it.'"

"Right then Clara started hitting Mrs. Meadows and she cried, 'Laddy, help me.'"

GROUND RED WITH BLOOD
"Clara came toward her with the hammer and ran down the stairs and when I turned back the ground was red with blood and she was hitting her and I just felt against the wall, couldn't move any farther."

"Could you see the blood that fell?"

"Yes, I could see her arm lying there. I hollored, 'Oh, Clara, for goodness sake, stop!'"

"She was leaning against the wall, don't know how long. But after I felt better she came along in the car and picked me up."

"When started on down there she said that if I told anyone she would kill me, too."

At this point, Mrs. Caffee asked the officers to permit her to get into an automobile as she felt weak after the long questioning of Thursday night and yesterday.

After official photographs of the scene were taken, the party of officers returned to the city with Mrs. Caffee, accompanied by Detectives Cline and Longueva.

Landis Will be State Witness in Union Trial

(REUTERS DISPATCH)
CHICAGO, July 14.—Former Judge Landis and Chief Plummer will be summoned to testify for the prosecution in the trial of "Big Tim" Murphy, Fred Mac, and Con.

Landis, who was a member of the Chicago Police Department, was arrested in 1927 and sentenced to 15 years in the State Prison for his part in the union-labor terrorists' bombing warfare on the Landis awards. This was announced to the grand jury by a witness, Wood G. Godman, special assistant State Attorney, who submitted a list of twenty-two new witnesses who will call in the United States murder trial.

MILLIONS FOR ADVERTISING

Raisin Grocers Approve Use of \$2,520,000

Budget Largest in History of Organization

Pioneer Leaves Large Estate, Report Shows

Local Correspondence

FRENO, July 14.—Directors of the Raisin Growers Association yesterday adopted an advertising budget for the year 1922, running from September of 1922 to September of 1923. The largest item, \$2,520,000, will be devoted to advertising in national magazines, while newspaper advertising will be almost as much.

Last year's advertising budget was \$1,475,000, while this year's will be \$2,520,000.

"We consider this advertising budget the most complete and best arranged that we have ever compiled," said General Manager E. A. Seymour, yesterday.

Following is the adopted budget: National magazines, \$704,000; newspapers, \$704,000; posters, \$490,000; materials, \$56,000; foreign advertising, \$300,000; window displays, \$100,000; stock in stocks, \$25,000; domestic sales, \$10,000; recipe books, \$25,000; demonstration, \$25,000; general expenses, \$100,000, making a total of \$2,520,000.

LARGE ESTATE

When James Thornton Fremo, pioneer, died March 22, he left an estate valued at over \$1,000,000, according to an inventory appraisal made by the probate court.

The return was filed by Milton M. Deering, inheritance tax appraiser for the county.

Among the items included in the appraisal is about \$37,000 cash and \$100,000 in stocks and bonds not including Liberty bonds, totalling \$15,000.

USES CHLOROPHORM

A "chlorophorm" burglar is sought by the police, following descriptions of a man who was seen in the vicinity of the city hall.

The body of a man was found in a ditch near the city hall, and the police are looking for the man who was seen in the vicinity of the city hall.

Barrett told the police that he felt ill effects from the drug, and that he was not fully recovered from the effects of the drug.

According to Mr. Atwood, order began to come out of chaos during the ten years immediately succeeding the drafting of the Constitution, and as this order became more apparent, men and women throughout the world began asking what it was that these fifty-five men who met in Philadelphia and wrote the Constitution had done to bring about that happy change.

SEE WONDER HOME PLANS IN TOMORROW'S "TIMES"

Ambition of Many Candidates is Stirred by Visit to Site; Vote Totals Mount Rapidly

Complete plans for the \$16,500 wonder home which is to be the principal award in The Times \$70,000 prize campaign will be disclosed in the Sunday Times tomorrow. Construction is already in progress and the forthcoming plans will give the many candidates and their friends their first glimpse of the beautiful house that has created such unbounded enthusiasm throughout the Southwest.

Construction of the \$8000 bungalow in West Hollywood tract is also going forward rapidly. The Western Construction Company, its builders, has a large force of men at work, and already the structure gives promise of what it will ultimately become—a charming modern home.

NOW TANGIBLE REALITY Since the building operations have actually started on both of The Times homes, they have become a tangible reality in the minds of candidates and their friends. This is evidenced by the increase in the nominations that have come to the campaign headquarters in the last few days. Men and women alike are showing a keen interest now that the campaign is getting under way, and nominations and first subscriptions are coming in rapidly.

Many of the candidates are visiting Wilshire Crest and West Hollywood Tract. They want to see for themselves the site of The Times prize homes, and to get acquainted with the locations with a renewed ardor.

DELIGHTED WITH SITES Many visits are made by people merely to satisfy their curiosity as to what The Times is offering. Often the result is that they clip the nomination blank and first subscription coupon from the day's paper.

OBECHAIN WITNESSES ARE HEARD

State Concludes Its Case in Murder Trial; "Friends" Testify

As surprise witnesses for the opening of the defense of Mrs. Madalynne C. Obchain, charged with the murder of J. Belmont Kennedy, Misses Selma and Clara Cullender, who were referred to in Madalynne's letters as "the friends of the State," testified in Judge Shook's court yesterday.

The State closed its case in the morning and the defense began at 2 p.m. After the State had closed its case, the defense called J. R. Bush and William E. Beirne, defense counsel, asked that certain testimony concerning the actions of Arthur C. Burch, co-defendant, be stricken from the record.

The only motion that was granted concerned the statements of C. S. Sumner, who declared he saw Burch at the mouth of Santa Monica Canyon.

Yesterday morning Charles Reimer and Clark Kirkman, two investigators for the District Attorney, testified concerning a recent test made with lights near the Kennedy cabin. In the afternoon the defense called Dr. and Mrs. W. A. Burch, parents of Madalynne's co-defendant. They were followed by George Holmes, who refuted, in part, the testimony of Paul Roman.

It became known yesterday that Dr. Burch and his wife are to make California their home. They have sold their home in Evanston and had their household goods shipped here. Their home is 147 North Catalina street, Pasadena.

WHAT DID YOU SEE? COMPLAINING WITNESS PLACED BEHIND BARS

Bert Camfield, complaining witness against J. R. Beirne, accused of robbery, yesterday found himself under arrest. He was held by Federal officers for the asserted extortion of \$100 from a man over a deal in liquor.

Camfield charged Beirne with robbing him of \$25. Then he failed to appear in court. A bench warrant was issued by Justice Baird and when the witness was brought in the court placed him under \$200 bail to appear.

When the court adjourned yesterday, Camfield was arrested by Federal officers.

FRENCH CELEBRATE FETE

Anniversary of Fall of Bastille is Observed by Speeches, Dancing

The entire cordiale which has existed for a century and a half between France and the United States, its strengthening by American participation in the great war, and the basic similarity between the French struggle for liberty and our own, formed the keynote of addresses at the Fete Nationale held by the local French colony at Exposition Park yesterday afternoon.

The program opened with the "Marseillaise" and "The Star Spangled Banner," played by the orchestra, after which Mr. M. De Gerin, president of the executive committee of the Colonie Francaise of Southern California, who acted as master of ceremonies, made the first speech of the afternoon.

Dr. De Gerin spoke of the harmony between America and France, and pointed out the significance to Europe of the fall of the Bastille, July 14, 1789, which event he compared with our own Declaration of Independence.

Mrs. Adele Sturtevant then sang "I Love You, California," with piano accompaniment by Ida Selbren, and a brief, but forceful talk was made by a representative of American veterans of foreign wars.

After other musical numbers by Mrs. Sturtevant, Miss Selby, Miss.

COURTROOM IS LIKE FILM LOT

Girl Cinema Fans Rush to Glimpse Gloria

Silver-Screen Star, However, Fails to Testify

Business Men Are Heard in Burns Will Contest

It resembled a film lot with several hundred extras surging around looking for jobs—did that scene in Judge Shook's court yesterday where Gloria Swanson appeared to testify in behalf of her mother, Mrs. Adaline Lew Burns, who is defending the legality of the will of her late husband, Matthew P. Burns, wealthy shoe man.

Gloria was the center of all eyes. Girls thronged the courtroom throughout the day to catch a glimpse of the star. They would edge in the room, in groups of half a dozen, would slide over to the court rail, would whisper in awed tones as they beheld her, and then would tiptoe out to tell their friends all about it.

Occasionally a bold one—who would dare anything for a thrill—ventured behind the rail and passed close enough to the film queen to almost touch her, but none dared.

Eventually Gloria left. When she departed, so did the crowd. The young woman did not testify and the crowd seemed to feel itself deprived of some great treat.

DECLARE BURNS SANE The principal testimony of the day was that Mr. Burns was sane at the time he made his will. Bankers, doctors, business men all stated that they considered him entirely sane when he made his will.

R. A. Johnston of the Citizens Trust and Savings Bank, who was with Mr. Burns at the time he made his will, stated that Mr. Burns told him in explanation of the fact that he was leaving but little to his family that they had not taken kindly to his new wife and were, therefore, being cut off.

He said that he had done for them all his life.

Dr. H. G. Brainerd stated that Burns was sane when he knew him. So did F. E. White, secretary of the Elks here; Harry L. Casper of the Owl Drug Company, and Mrs. Lottie Hayes, also gave similar testimony.

It was stated yesterday that Miss Swanson would not take the witness stand at any time during the trial. She sat beside her mother yesterday, but made no sound except an occasional "ah" or "ah."

Was Burns a good dancer or not? That was one of the questions in the case.

FAMILY LIFE IS TOLD The question arose yesterday morning, while Mrs. Estelle Bryant was on the witness stand. Mrs. Bryant testified that she was an intimate friend of both Mrs. Burns, and of the late Mr. Burns, and many incidents of

MAIDS SHUN WAVE WITH OILY WAYS

Fair Long Beach Bathers Left High and Dry While Fearsome Film Frolics

By a "Times" Staff Correspondent (EXCLUSIVE DISPATCH) LONG BEACH, July 14.—Pulchritude encaased in costly bathing suits is confined to the sandy beach here these days. Like the maidens whose mother permitted her to drape her clothes about a hickory limb but to refrain from entering the water, pretty damsels who come here to bathe do not enter the surf. And it's all because a nasty mean old oil company had to go and permit an eight-inch pipe line to burst and spread valuable but ill-smelling "black gold" all over the Pacific Ocean.

Large globules of oil and tar products floating about the surface of the water along the strand have kept most of the bathers out of the briny sea for the last two days. Life guards said today, bathing in Long Beach will not be a very popular sport with wearers of nifty bathing suits of the kind of mother Pacific purifies herself once more.

PLANS FOR R. DeNEGRI RECEPTION

Secretary of Agriculture for Mexico to be Honored in Los Angeles

Plans for the reception of Ramon de Negri, Secretary of Agriculture of Mexico, when he arrives in this city on a visit in the very near future, are being made by the Mexican population of the city.

The visit has been contemplated by Senor de Negri for several months, but due to the large amount of work in the Department of Agriculture recently he was unable to get away.

Senor de Negri is one of the greatest farming men of his country. It was through his efforts that agriculture in Mexico became modernized and is now being considered on a level with agriculture of South America and the United States.

While here Senor de Negri will make an extensive study of American methods, and will investigate many new agricultural devices.

" WHY PEOPLE SHOULD GO TO CHURCH "

Because the Church contributes more than any other agent to the stability of the country, her idealism, her standards and her progress.

Because the Church pioneered in this nation's building, stood guard in the day of her largest and fullest contribution to the world's stability.

Because, without the church, America would become pagan, depraved, filled with the fruits of appetite and lust and would soon wreck her Godless nations have fallen.

DESIGNATE GUARDS
By a "Times" Staff Correspondent
[EXCLUSIVE DISPATCH]
LONG BEACH, July 14.—Large flags resembling those used as service flags during the World War have been erected at various points along the beach here to denote the stations where life guards are on duty. The words, "Life Guard Station," are emblazoned on the flags to make it easy for persons on the beach to find a life guard at once in an emergency.

LABOR FAMINE COMING
"Soon, however, there is going to be a labor famine. Not that there aren't plenty of workers in the country, but they haven't reached a state of mind where they are willing to buckle down to the jobs for which they are fitted. So many fellows are dissatisfied with their lot, and that's the reason for unemployment."

"We had a psychological purpose." We wanted to stir up the people and make them realize that business is picking up. "And we did. The industrial pulse of the entire country has been quickened as a result of that trip. And, incidentally, the attention of the people has been directed to the Pacific Coast. They are thinking that things may be pretty prosperous out in California if so many locomotives are needed at once."

SAYS SHE GOT DIME AT TIME

Wife Asserts Husband Made Her Live on Dollar Weekly

If it isn't wasted, \$1 a week is a lot of money. Upon that theory Ernest A. Smith, 4902 Budlong avenue, doled out to Mrs. Ophelia Smith her allowance for clothes and incidentals, according to a suit for divorce filed yesterday by the wife.

The complaint charges that Mr. Smith gave his wife a dime at a time. In contrast she now asks for \$250 a month and a division of the \$75,000 property of the couple. They have been married nineteen years.

Men Wanted

For service as Railroad Machinists, Blacksmiths, Sheet Metal Workers, Copper Smiths, Car Inspectors, Boilermakers, Electricians, Pipefitters, Riggers, Car Repairers, Helpers, All Classes.

UNDER STRIKE CONDITIONS

Best explained by Chairman Ben W. Hooper of the United States Railroad Board in his statement of July 1, reading as follows:

"In this case, the conflict is not between the employer and the oppressed employees. The people of the country, through an act of Congress, signed by President Wilson, established a tribunal to decide such disputes over wages and working conditions, which are submitted to it in a proper manner. It is the decision by this tribunal against which the shopcrafts are striking."

"Regardless of any question of the right of the men to strike, the men who take the strikers' places are merely accepting the wages and working conditions prescribed by a government tribunal and are performing a public service. They are not accepting the wages and working conditions which an employer is trying to impose. For this reason, public sentiment and full governmental power will protect the men who remain in their positions and new men who may come in."

Adequate provisions have been made for the full protection of all new employees, the same as old employees who have remained loyally at work. Applicants should apply at Southern Pacific Employment Bureau, 65 Market St., San Francisco, or any of the following offices: Superintendent (3rd St. Station), San Francisco, Oakland Pier, Sacramento, Stockton, Dumasair, Bakersfield, Los Angeles. Assistant Superintendents, Sparks, Nevada, and Roseburg, Oregon. Superintendent Motive Power, Sacramento and Los Angeles.

CALIFORNIA MAN LEADS FIELD IN AMERICAN OPEN GOLF TOURNAMENT

AND PA JOHN BLACK IS IN FRONT; VON ELM AND KNEPPER FINALISTS

(BY A. P. NIGHT WIRE.)

Salt Lake Man Defends Title Against Youth

OMAHA (Neb.) July 14.—Rudolph Knepper of Sioux City, Ia., Iowa State golf champion, will contest with George Von Elm of Salt Lake City for the latter's title as trans-Mississippi champion in a thirty-six-hole match tomorrow.

Knepper eliminated Alex Graham, the Kansas State champion from Wollington, 8 and 7, in their semifinal match this afternoon, while Von Elm won from W. J. Pope of the Omaha Country Club, 11 and 10.

Von Elm played his best round of the tournament, clipping two from par with a 68. The Salt Lake City star out-drove his opponent by at least forty yards from every tee. Pope began missing his approach and putts and particularly all of his iron shots were short.

The card:

Von Elm, in 345 445 345—85—85
Pope, in 445 455 444—11—73

Knepper, who played perfect golf for the first nine, cut one from par coming in, getting a birdie four on the fourteenth, a 460-yard hole, his medal score being three over a 66, which he got yesterday when he broke all existing records of the Omaha Country Club course. The Knepper-Graham card:

SERAPHS MAY BUY EX-GIANT PLAYER

The Los Angeles club may annex Vernon Spencer to the team's roster in the next week or so if Spencer can show that he is in good playing condition. Spencer was bought by the New York Giants a few years ago for the record of \$100,000 but was not made good with New York but was regarded as a star in the International League. At Indianapolis last spring he broke his leg but has since been fully recovered. He was indicted for the murder of a woman in 1914 but was acquitted. He was in the first nine of the Los Angeles club in 1914 and 1915 and was a second place finisher in 1916.

AKERS IS ARRAIGNED ON ASSAULT CHARGE

(EXCLUSIVE DISPATCH.)

PHOENIX (Ariz.) July 14.—Tom Akers, alleged to have been a prominent officer of the Ku Klux Klan, was arraigned in Superior Court here today on charges of aggravated assault and kidnapping in connection with the whipping of Mrs. Haywood, a Phoenix negro, who was taken out at night by masked men last March and mistreated in the desert south of the city.

Akers' trial was set for the 25th inst. before Judge Jencks. He returned from Atlanta, Ga., on Tuesday, where he was wanted here. He was indicted jointly with Harold Taaf, a painter, who returned from Los Angeles without a warrant.

ONE TOO MANY CHAMPS

Walter Miller and Johnny Meyers Both Trying to Wear Middleweight Crown

A peculiar situation exists in Los Angeles today. Two self-confessed world's middleweight wrestling champions are roaming at large within the precincts of our bustling metropolis, and each has signified a burning desire to tear the other into small fragments.

As yet nothing has exploded, but if Walter Miller, the Los Angeles Athletic Club's champion, and Johnny Meyers, the Chicago claimant to the title, don't get together before very long to settle score and for all this burning question of the hour, fans all over the nation will be keenly disappointed.

For the past half a dozen years every locality has boasted of its own world's champ. No less than ten wrestlers have laid claim to the honor at various times, and by a slow and painful process of elimination Walter Miller and Johnny Meyers have emerged with cauliflower ears and unsullied reputations.

Of the two our local boys seems to have the best claim to the belt. Before Mike Yokel spilled him, Henry Gehring of Cleveland held undisputed claim to the title. Then Walter came along and bounced Mike around in 1914, apparently winning the title. After Miller had turned the trick several other aspiring grapplers repeated the stunt, among whom was Johnny Meyers. However, by virtue of previous victory, Miller is generally considered the bona-fide champ.

Johnny claims that inasmuch as

HELEN WILLS DEFEATED

Loses Fiercely Fought Match to Veteran Opponent After Three Torrid Sets

(EXCLUSIVE DISPATCH.)

PROVIDENCE (R. I.) July 14.—Miss Helen Wills of San Francisco, national junior champion, was defeated here today in the most hotly contested match of the Rhode Island State championships when she lost a three-set encounter to Miss Leslie Bancroft of Boston, 4-6, 6-4, 6-3. By this victory Miss Bancroft won the women's singles title of the State for 1922.

The California lass started with her hard driving game from deep court, seldom taking the net position and slamming everything back for a 6-4 victory in the opening set. The wise birds immediately began looking for the exits, and prophesying a straight-set victory for Miss Bancroft's opponent. However, the little Bostonian came to life with a wallop in the next verse, gaining the net position frequently and acting the westerner through Miss Wills's first service, and then ran out the set 6-4 by winning every alternate game.

It must be said in justice to the youngster that she was not playing the brand of tennis that has marked her sensational battle to the finish, but Miss Bancroft, who has been playing in tournaments since Miss Wills was an infant, was displaying superlateness, and could undoubtedly have held her own with Miss Wills at her best.

Twenty-Three-Year Laundry Bill not Paid

(EXCLUSIVE DISPATCH.)

NEW YORK, July 14.—Alleging that the estate of the late Charlotte Hix owes her \$10,000 for a twenty-three-year-old washing and ironing bill, Margaret A. Flannery today filed suit in the County Clerk's office against the Greenwood Cemetery authorities as administrators of the Hix estate.

The plaintiff charges that she assumed her domestic duties with Mrs. Hix in 1891, working for her until the spring of this year.

The cemetery association expressed doubt of the validity of Mrs. Flannery's claim. She will submit proof to the court.

OFFERS TO DO TIME IF HIS DOG IS FREED

NEW JERSEY FAMILY PET IS FINALLY PAROLED TWO HOURS EACH DAY

(EXCLUSIVE DISPATCH.)

HOBOKEN (N. J.) July 14.—The countless stories of dogs' faithfulness to man and the numberless tales of affectionate pets which have risked their lives to save a loved one, or have died on the graves of their masters, were commemorated in a measure today when Charles Strick, of this city, pleaded with authorities to let him "do time" for his dog.

Falling in his plea, Strick finally persuaded authorities to grant a "parole" of two hours a day for his pet.

"Sport," the wire-haired terrier idol of the Strick household, bit Helen Krug, Strick's next door neighbor. Sport came up for trial, much as any human being, and Recorder Carlen, finding that the dog had committed an irrational act, committed the dog for twenty days of observation.

"Please let me go to jail instead," pleaded Strick. "I'll go right away, only let the dog out. He is pining away. He is used to music and good food."

MARCUS IS MASTERED BY VINCENT

George Lavigne Outpoints Roberts in Semi-Wind-up at Hollywood

(BY GERALD FIDGE)

Jimmy Marcus has at last found some one upon whom he can't hang the Indian sign. It is Sailor Vincent of the good ship Arizona. The gob unleashed a beautiful left hook which he draped upon Marcus's jaw and body hard and often in the main event of the American Legion boxing festival at Hollywood last night. The boxer opened the wind-up very cautiously and was recipients of a gentle raising on the part of the disgruntled patrons. Vincent didn't quite warm up to the situation until the third round, when he planted many a hefty left on his rival's jaw. He continued his attack in the final canto with such gusto that Mr. Marcus must have thought that some one was rocking the boat. The verdict to Vincent was well received.

ROBERTS OUTCLASSED

George Lavigne outpointed the heavier Eddie Roberts in every round of the semi-wind-up. All Roberts had was a good left, but his brain didn't function fast enough to cope with the flying mitts unleashed by Lavigne. George put a wonderful showing for three rounds, but his opponent's left told on him in the final canto and he slowed up a bit. Decision to Lavigne.

Harry Eagles, who subbed for Charlie Sullivan, has a glass jaw which he seemed unable to shield against the attack of Young Hoppe. Hoppe floored the Eagles party twice in the first round and was about to repeat when Referee George Blake properly raised the hand of Hoppe in token of victory. Jimmy Hackley stopped Mickey Dempsey in the fourth round of what was easily the best scrap of the evening. Dempsey is a fighting fool and put up one of the greatest demonstrations of gameness ever seen in this neck of the woods. Dempsey kept chasing Hackley all over the ring throughout the first two rounds. The final rounds were all Hackley. The last round found Dempsey on the canvas for the count of nine. He arose—grayer. It was then the referee stepped in and called Hackley the winner.

REMY WHIPS SOL

Ad Remy had the best of a four-round argument with Young Sol, but the last rounds were slowly affairs with Remy taking a slight edge in the in-fighting exhibition. Joe Thomas had Salim Dempsey all but out in the first round of the curtain-raiser, but the latter staged a rally. In the second round, however, Thomas laid him out cold.

Doubt truth to be a liar but doubt not, disgruntled fans that Los Angeles can gloom a ball game now and then.

Our Celestials came into the dignity of another victory yesterday afternoon, the kind donor being the Portland team which, in a game of charity, slipped a cog something like 4 to 1. It wasn't as wide as a pretzel or as deep as a Downey oil well, but it answered the purpose.

Ota Crandall, who lately ran into a flock of reverse-English pitching while visiting in the aurore borealis regions, was at the tiller for Red Killefer. It has come to be constitutional with Ota to have a bad tuning in almost every game he spins and sure enough fate played fair with him yesterday.

WENT COCKEYED

It all seemed like an off-ender's dream and can be described best as follows: Fuhrman, whom the home guard had been riding all afternoon, started the action with a slashing single to right. Pickle mob—they turned their heads to shouts of glee! Sutherland sheered one past Deal that almost burnt up the chalk lips at third base. Gressett squibbed a slow bouncer toward Beck, beating that worthy's throw to Griggs, and the bags were tipsy.

Wolfer came through opportunely with a sacrifice fly to Carroll and the lumbering Fuhrman tallied after the snare. Carroll swung toward center when High came to the aid and as he did so, Hughes's brother tilted one where Dixie usually stands, for a ripping triple to the fence, scoring Sutherland and Gressett. Derrick chains began to clang ominously over Crandall's head, but Killefer put a force up on himself and desisted.

BRASIL THERE

Not so for Master Brazil, however, as that staid youngster tore into the first one Ota flitted over the rubber for a roving double to right center and Angel fans immediately flocked into Moenville. On that ponderous poke High visited the plate. The derick chains still jangled in the vicinity of Doc's ballwick, but the resourceful Killefer still desisted.

Then ensued one of those fan paradoxes that unaccountably crop up at times during a ball game. The crowd justly called on Sargent for a cracker. The young fellow answered with alacrity, but his liner was just a little too powerful and kept above earth until it found succumb of sorrow in Trombly's ravenous maw.

Remember, citizens, that all this happened in the eighth session. Another session was to follow and the Angels were still in the woods. Things took on a foreboding aspect in the first of the ninth when, after Focle flitted to Trombly, the laggard Fuhrman darted a tantalizing

ST. LOUIS, July 14.—A seven-run batting rally in the seventh inning today gave the Cardinals a 9-4 victory in the final game of the series with Philadelphia. Rogers Hornsby opened this inning with a home run with none on base. This was his twenty-fourth of the season and tied the modern National League record made by Garry Cavanah in 1916. The old league record twenty-seven was made by Ed Williamson of Chicago in 1884. The victory puts the local within two and a half games of first place. Scores:

**GELATIN FINDS
PLACE IN DIET**

*Value as Aid to Protein
Paramount*

*Digestible Quality Makes It
Good Base*

*Use in Care of Invalids
Recommended*

BY WINIFRED GIBBS

When offered as a part of a well-chosen dietary gelatin is a valuable food. Chemically it is akin to other meat products, but may not safely be depended upon as a sole source of protein. This is true, however, of any pure protein or body-building food.

This placing of emphasis on the place of gelatin in an understanding feature of modern dietetics. We know that when we have determined the chemical composition we have only begun our task of formulating a complete dietary.

A number of other things must be thought of, such as the effect in the body of grouping certain foods in any one meal. This effect may be quite different from that of eating the same foods if they had been eaten separately. This is especially true of gelatin.

We must be careful not to determine the place of gelatin in other important body-building foods. It will make it possible to determine the question of meat, on occasions when it cannot be used as a substitute, since a large proportion leaves the body unchanged.

Now, as to gelatin, however, to do the following: First, to save or spare protein in the body, so that less meat, eggs, fish, etc., will be needed; second, to perform the functions of a "true food" not merely a stimulant; third, to be easily digestible, and in this respect it is as good as a substitute for desserts either for children or invalids. In this connection it is to be noted that gelatin, when taken up to a certain extent, prevents the formation of curds when milk is taken into the stomach.

health

is better than wealth. You are rich when you are healthy. You are poor when unhealthy, even if you are rich enough to afford an army of doctors. Keep healthy by building up your body and your children's bodies with the best and soundest materials.

Doctors and dietitians tell us that the use of bread made from the whole kernel of the wheat kept our forefathers in vigorous health of mind and body because it contained the proper proportion of lime, mineral salts, and the right amount of roughage that is so necessary to good elimination.

This kind of bread—Nutro Health Bread—is being baked in Los Angeles by the Mackechmie Bread Company. It is made from the whole kernel of the wheat under the most sanitary conditions and delivered wrapped to your grocer.

You should make Nutro Health Bread the foundation of every meal. It is ideal for children, as it contains the lime and mineral salts necessary for the building of bone, tissue and sound, hard, white teeth.

Just ask for Nutro Health Bread at your Grocer's. If he can not supply you, call Main 3193 or 62276. It is baked by

BAKED HAM AU GRATIN
L. H. J., City, wants directions
in preparing a slice of baked ham
au gratin. Have the butcher cut
a slice of ham one inch thick and
weigh about two pounds from
the center of a nice ham. Place
a ham slice in cold water and let
stand one hour. Remove and
dry. Spread on the ham four
tablespoons of marmosine and
well on both sides of the ham.
Cover the bottom of an earthen-
ware baking dish with water, lay
the ham slice and bake in a
medium oven three-quarters of an
hour, basting often. Spread over
the top of the ham one cup of
broiled rice and sprinkle over
a rice four tablespoons of
basted cheese; return to the oven
a brown.

SUMMER SQUASH
A. W. Pasadena, wants to know
how to prepare summer squash with
other vegetables and how to
prepare it other than as gratin.
There are a number of ways of
preparing this vegetable. Cut
the squash into quarters, pare and
remove the seeds. Half cover with
oil and simmer until tender.
Drain and return to the fire and
add in a seasoning of butter, salt
and paprika. When there is any
squash left add to each two cups
beaten egg, one or two table-
spoons of sifted flour, one
teaspoon of baking powder, and
a tablespoon of milk. Mix well
and bake on a griddle as you
would pancakes. Nice served with
a delicious salad is made with
Italian squash that is now
plentiful. Select the small-
size and boil quickly until ten-
der without peeling. In boiling
add water to which has been
added a small pinch of soda. When
done cut in even slices, mix with
lemon French dressing and
serve on lettuce leaves.

FRUIT SALAD DRESSING
J. O. H. Redlands, requests a
recipe for a fruit salad dressing
used by me five years ago in Red-
lands. Do not recall the dress-
ing, but she wants but will give
me our favorite. Blend three
tablespoons of butter with two
teaspoons of sugar and the
thirty beaten yolks of three eggs.
Cook in a double boiler and cook
until quite thick; add the juice
of one lemon and a seasoning of
paprika and celery salt. Re-
turn to the fire and heat well
until cool. When thoroughly
cool add one cup of whipped
cream. Use for combinations of
fruits.

MIXED MEAT LOAF
K. South Pasadena, wants a
recipe for a meat loaf made with
veal and pork. Run through the
knives of the chopper three
pounds of clear veal and $\frac{1}{2}$ a
pound of young pork. Add to this
one cup of softened bread crumbs,
one cup of tomato pulp, the juice
of one lemon, a teaspoon of grated
ginger, a half teaspoon of allspice
and a half teaspoon of salt and
seasoning of salt and paprika.
Roll into a long roll; place on a
platter, dredge with flour and
bake one hour, basting with melted
butter and hot water. Rub to-
gether 2 tablespoons of butter and
a tablespoon of flour and add the
oil to the pan with 1 cup of
broth. Boil smooth and pour
over the meat loaf.
